### **DETAILED ACTION**

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 2/13/08 has been entered.

Claims 9, 34-35 have been canceled in the submission filed 3/25/08 and claims 1-8, 10-33 have been canceled previously. New claims 36-37 (3/25/08) are pending and are under consideration by the Examiner.

#### ***Claim Rejections - 35 USC § 112, second paragraph***

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 36-37 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 36, line 4, is vague and indefinite because it recites "which compound has a ligand binding inhibitory effect". Firstly, it is unclear whether the ligand is added before or after addition of the compound. Secondly, it is unclear what the range of the inhibitory effect is such that the claim can be meaningfully interpreted. This rejection can be obviated by reciting the limitations of claim 37 into claim 36.

Claim 37, lines 1-2, is improper because it recites "a IC50 value" rather than "an IC50 value".

Claim 37 recites the limitation "the ligand binding inhibitory activity" in line 2. There is insufficient antecedent basis for this limitation in the claim.

### ***Conclusion***

The claims are free of the prior art of record.

No claim is allowed.

Claims 36-37 are rejected.
